HOKE SMITH FORMALLY NOMINATED GOVERNOR

While Delegates Shout, Smith Acccpts Nomination.

NOMINATED R. R. COMMISSIONER

There Was Considerable Debate Over the Platform, Especially that Part Relating to Adoption of the South Carolina Primary Plan.

Macon, Ga., Sept. 6.—The state democratic convention met here Tuesday at noon and consumed six hours in carrying out a carefully pre-arranged program, which went through without one hitch, that involving the state court of appeals.

Hoke Smith was unanimously nominated for governor by acclamation, amidst wild enthusiasm, which almost shook the great Macon auditorium. This was the principal feature for which the people were waiting and they kept calling for Hoke Smith throughout the proceedings.

Sometimes trying to howl down the other speakers in the hope that Mr. Smith would the earlier be brought on to the platform. It was nearly 5 o'clock in the afternoon when J. L. Anderson, of Atlanta, arose to place Mr. Smith's name in nomination before the convention. The appearance of Mr. Smith a few minutes later completely eclipsed the enthusiasm which greeted the mention of his name by Mr. Anderson, and it was some minutes which could be heard.

The assembly rose to greet him and saluted long before they allowed him to proceed.

That Georgia's next governor has set for himself a hard task, and that he fully realized this, was clearly evidenced in the address Hoke Smith made accepting the nomination. The strong appeal to the people not to put in an independent candidate where the officeholders of the present general assembly refuses to support the views of the party, evidenced his deeper feeling that the Georgia legislature might not hurry with the reform policies which he has put forward. He urged the delegates present to see their representatives and senators and urge them to stand on the platform upon which he was chosen governor, and then if they refused ask them to get out. He said this ought to be done now. He declared that the speaker of the house and the president of the senate should be men in accord with the platform and believed after looking over the lists that his supporters already had a working majority in the general assembly.

The keynote of Mr. Smith's speech was that everybody holding state office in connection with the administration should be in favor of and in line with the reforms which he has advocated so that they may be put through without delay.

Here is in brief the story of what the convention did Tuesday.

Congressman T. W. Hardwick, of the tenth district, was elected temporary chairman; H. H. Cabiness, of Fulton, and E. T. Martin, of Bibb were elected temporary and the permanent chairmen and hence chairman of the new state executive committee. The executive committee of Fulton county, headed by J. E. Maddox as chairman, was declared to be the regularly elected committee and will stand as such.

N. J. Norman was declared elected solicitor general of the Atlantic circuit over the protest of Livingston Kenan, who contested the election. The platform as introduced and read by James R. Gray, chairman of the platform and resolutions committee, was adopted with only one change, the majority rule as to counties, senatorial and congressional districts being stricken out.

The state court of appeals amendment was indorsed, but the committee took no action regarding capitation, that being left an open matter for the new state committee.

A resolution was adopted favoring legislation which will permit [illegible] be [illegible] [illegible]

voted in favor of prohibition under the local option law.

A resolution was adopted endorsing James R. Gray and his services in the recent campaign and recommending him for national democratic committeeman. Hoke Smith was nominated for governor and other state house officers were nominated in accordance with the result of the recent primary.

S. G. McLendon, of Thomasville, former city attorney for the Plant system of railways, was nominated for railroad commissioner to succeed Joseph M. Brown, whose term expires in October, 1907.

A new executive committee was chosen consisting of four members from each congressional district, and eleven members from the state at large, to be named within the next few days by Chairman A. L. Miller. Hooper Alexander, of DeKalb, was made vice chairman of the state committee. The convention then adjourned sine die.

Many new changes were proposed in the platform which forms an interesting document in state politics.

The morning session was consumed to organization and in routine work, and at 1 o'clock the convention took a recess.

Following the recess the convention reconvened just before 8 o'clock, when the report of Fulton county's executive committee and other matters by the credentials committee was made [illegible] was then announced that the platform committee would not be ready to report for some minutes.

"Seab Wright, Seab Wright," was [illegible] convention tongue. Cries for all others were shouted down, and Mr. Wright, coming to the platform told how Floyd county was [illegible] for Hoke Smith. Then Mr. Wright introduced Reuben Arnold, of Fulton, and Mr. Arnold made an earnest speech, principally against "rings." Then there were calls for "Berner; Bob Berner, of Monroe," and he responded in a few eloquent words, in which he indorsed Hoke Smith as the greatest of living men, and urged him as a coming democratic president of this great republic.

James A. Gray, chairman of the platform and resolutions committee, read the platform as adopted by the platform committee amid the general cheers, first for Gray and then for features of the platform.

The first row in the convention came on the question of the South Carolina primary plan.

Dr. Goss, of DeKalb, said if the South Carolina plan was good for state house officers, it was good for all others, and he moved that it be applied to them.

Mr. Wright, of Richmond, opposed this on the ground that the counties and congressional districts should be allowed local self-government.

Judge George Hillyer, of Atlanta, favored the motion of Dr. Goss on the ground that if the majority rule was good in one case it was good in all.

Mr. Underwood, of White, called for order in the convention. There was too much disturbance, he said.

There was a long debate as to whether the majority or the plurality rule should apply to counties, senatorial districts and congressional districts. There was much disorder during the discussion. Finally it was decided to strike out of the platform all reference to legislative, congressional and county primaries, leaving these to the respective executive committees without binding them by any action of the convention. With this feature stricken out the platform was then adopted as a whole by unanimous vote.

Appointed to Bring Stensland Back.

Chicago, Sept. 6.—State's attorney, Mr. Healey, Wednesday received a message from Assistant State's Attorney Olsen, who is now in Tangier, Morocco, with Paul O. Stensland, the fugitive banker, asking that he and James Keeley, managing editor of the Chicago Tribune, who made the arrest of Stensland, be appointed to bring the ex-banker back to this country. On receiving the telegram Assistant State's Attorney Barbour wired to Governor Deneen at Springfield and the governor has made a written request to President Roosevelt that Olsen and Keeley be appointed to bring Stensland back to the United States. A messenger will leave Chicago tomorrow for Washington with the extradition papers.

MURDERERS HID BODY OF VICTIM IN WOODS

"Black Hand Band" Suspected By Police.

GHASTLY STAB WOUNDS IN NECK

Aged Man Was Evidently Killed at a Point Some Distance from Where the Evidence of the Crime Was Discovered.

New York, Sept. 6.—The body of an Italian with a number of ghastly stab wounds in the neck and breast was found in a section of woods near Jamaica, L. I. There was no sign of a struggle, or a weapon discovered.

The police decided, after a careful study of the situation, that the murder resembled, in many respects the famous barrel murder mystery and others that have followed it.

In each of these cases the victim, after the murder, was carried from the scene of the crime and the body disposed in some lonely spot. Each of the victims were of Italian birth, and death had been caused by stabbing.

"Black-hand murder," has been the verdict of the police and they have generally tried in vain to unravel the mystery surrounding the cases.

The victim of the crime, like most of the others, is unidentified. The body is that of a man about 42 years of age.

Charged with Larceny.

Memphis, Tenn., Sept. 6—It became public here Wednesday that two indictments had been returned recently against Dr. T. K. Hunt, on the testimony of Feola and Dengay, two full-blooded Igorrotes, members of the band which visited this city some time ago, charging "larceny" and "larceny from the person," which are felonies under the state laws. Dr. Hunt was arrested in Chicago Tuesday and will be brought to Memphis to stand trial. The United States mover is the prime mover in the criminal prosecution against Dr. Hunt. Hunt was in charge of the band of Igorrotes which toured this country last year.

Much Interest Manifested.

Washington, Sept. 6.—Although the naval personnel board will not hold its first meeting for two weeks, there is a great deal of interest manifested in its work. Already there have been many responses to the requests of officers for their views as to what should be done to improve the naval service. The data is being prepared for the board and briefed so as to make the work of the members as easy as possible and enable the board to make a report in the specified time by the secretary.

Gives Up Perilous Trip.

Vacherie, La., Sept. 6—Ed M. Everete, who, with his wife and infant son, was found imprisoned by lily pads on the shore of Lake Allemands and refused offers of a rescuing party to go with them, Tuesday night gave up his perilous attempt to row a small boat through the pads and went on board a gasoline launch. The family was placed under medical care at Allemands, La., having suffered greatly from insect bites and hunger.

Want Police Inspector Removed.

New Orleans, Sept. 6—An affidavit requesting the removal from office of Police Inspector E. S. Whitaker, on charges of gross official misconduct, was presented to the police board on Wednesday by Major Martin Behrman. The affidavit was made by Morris Abraham, a cotton broker. Mayor Behrman acting merely in a formal capacity. Abraham charges that Whitaker failed to prosecute properly a search for alleged robbers.

Mother and Son Fatally Shot.

Montgomery, Ala., Sept. 6—In a general family row at Echo, Dale county, Enzy Bercrett shot and fatally wounded Mrs. Annh Barnes and her 14-year-old son, and then turned the pistol upon himself, inflicting an injury which proved slight. Bercrett is now in jail.

Thirty Collectors Are Indicted.

Greensboro, N. C., Sept. 6—A special term of the United States district court for the trial of the famous revenue fraud cases convened here Tuesday morning, with Judge James E. Boyd, presiding. The case against R. H. Hardin, former deputy collector, was taken up and will probably consume all of the week. There are 30 of these revenue officers named in the bill of indictment. Two of the men have already been convicted, and the cases were carried to the court of appeals. Indictments were found as a result of investigation made by two secret service men. It is chargd that the revenue collectors were paid "hush" money by illicit distillers. The officers are charged with making false returns, in that they reported illicit distilleries destroyed when they were left untouched.

Deputy Killed a Boy.

Reidsville, Ga., Sept. 6.—E. C. Elmore, deputy sheriff of Tattnall county, shot and instantly killed Jesse Branch, a young white man, about 12 miles from here. Deputy Elmore, together with Branch and two other young men, went to the house of a negro to arrest him on a warrant sworn out by Branch. Elmore placed the three men around the house and went to the door and demanded the negro to surrender. The negro tried to escape through a window, which occasioned both Elmore and Branch to run to that end of the house, and each thinking the other was the negro, both raised their pistols. Elmore fired, shooting Branch through the breast. Elmore is prostrated with grief because of the sad accident.

Gans' Victory Demoralizes Negroes.

Dallas, Sept. 6.—It is believed here that the pugilistic victory of Joe Gans has had a demolarizing effect on the rough element of negroes. Several cases of resisting officers have been reported and in one instance a desperate battle ensued between a policeman and a negro. While Officer George S. Jackson was attempting the arrest of John Byer, a negro, on the charge of assaulting his wife and child, the negro fought desperately. The two clinched, and the officer used a revolver. The negro was wounded seriously, and the officer was badly beaten before he made the arrest. Several cases of bad conduct on the part of negroes have been reported.

Alabama Farmer Cremated.

Selma, Ala., Sept. 6.—Tom Woods, a respectable white farmer residing about three miles from this place, was cremated in his home at an early hour Tuesday night, his body being burned to a crisp, the features being unrecognizable. How the fire which caused the death of the unfortunate man began, is a mystery, but parties in the city noticed a light in the direction of the house about 8 o'clock, and at 11 o'clock Mr. Will Boggs, a neighbor of Woods, brought the news of his death to Selma. The dead man was subject to epileptic fits, and it is supposed that he fell in one of these while smoking a cigarette and that the house catching fire, he was burned to death while unconscious.

Steamship Line for Charleston.

New York, Sept. 6.—The Herald says that the North German Lloyd Steamship company contemplates the operation of a direct line between the cities of Bremen, Germany, and Charleston, S. C., is the information received in this city by cable from E. J. Watson, commissioner of agriculture and immigration, of South Carolina, who is now abroad in consultation with the agents of the steamship company. As Mr. Watson has been for several months preparing the way for this new departure, the date of the sailing of the first ship, it is understood, is left for him to determine.

Chicago Committed Suicide.

Danville, Va., Sept. 6.—Charles E. Allen, of Little Hocking, O., committed suicide at the Morgan hotel early in the morning by taking morphine. Allen had been employed with a railway construction company and came to Danville in search of labor. A letter left to a friend states that he committed suicide because he thought he was becoming deranged. The body will be sent to Little Hocking, O., for interment.

COTTON CROP IS FIGURED BY HESTER

Makes His Report on the Crop By States.

INTERESTING FIGURES ARE GIVEN

Secretary of the New Orleans Cotton Exchange Fixes the Total Value of the Cotton Crop for This Season at $641,720,434.

New Orleans, La., Sept. 6—The annual report on the United States cotton crop for 1905-6, issued by Secretary Hester, of the New Orleans Cotton exchange, is summarized as follows:

He puts the cotton from 1905-06 at 11,845,988 bales, a decrease of 2,219,897 under that of 1904-5.

He says that compared with last year, in round figures, Texas, including Indian Territory, has fallen off 558,000 bales. The group known as other gulf states, consisting of Louisiana, Arkansas, Mississippi, Tennessee, Missouri, Oklahoma, Utah and Kansas, has descreased 1,431,000, and group of Atlantic states (Alabama, Georgia, Florida, North Carolina, South Carolina, Kentucky and Virginia), has lost 231,000.

Mr. Hester's report on the cotton crop of the different states is given as follows, in thousands of bales:

Alabama, 1,389 againt 1,470 last season; Arkansas, 635 against 905; Florida, 80 against 89; Georgia, 1,750 against 1,975; Louisiana, 525 against 1,100; Mississippi, 1,235 against 1,777; North carolina, 734 against 775; South Carolina, 1,175 against 1,200; Tennessee, 647 against 691; Texas and Indian Territory, 3,026 against 3,584. Total crop this year 11,346 against 13,568 last year.

He makes the total production of Indian Territory, which is included in Texas, 351,260 bales against 559,749 last year; of Oklahoma 324,446 against 319,231 last year; of Missouri 41,754 bales against 47,698 last year, the two last being included under the head of Tennessee, etc.

He puts the average commercial value of this crop at $56.56 per bale, against $46.31 last year, and the total value of the crop at $641,720,434, as against $628,195,359 last year. He states that while this crop was practically 2,200,000 bales less than that of last year, it sold for $12,252,075 more.

He gives details of prices, showing that taking the cotton belt as a whole, the highest figure for middling during the year was 12 1-8c per pound, reached in December, 1905, and the lowest, 9 5-16c, in August, 1906, and the average value per pound was 11 7-1000, as compared with 8 98-100 cents last season.

He puts the average weight per bale at 510 91 pounds, showing a decrease under last year of 467-100. Mr. Hester makes the actual growth for the season 11,161,000, and says that the last report of the census bureau of cotton ginned does not cover this year's entire growth, that even with the allowance of the old cotton carried over, the ginners' returns seem short by several hundred thousand bales of the actual crop.

The consumption has been divided as follows:

Alabama, 239,885, increase 16,013.
Arkansas, 3,376, increase 122.
Georgia, 514,673, increase 31,238.
Kentucky, 28,371, increase 2,529.
Louisiana, 17,697, increase 3,621.
Mississippi, 41,298, increase 3,621.
Missouri, 7,240, increase 779.
North Carolina, 694,405, increase 92,226.
South Carolina, 666,715, increase 41,535.
Tennessee, 58,702, increase 6,965.
Texas, 36,586, increase 8,123.
Virginia, 65,37[illegible], increase 6,260.
Totals, 2,374,225, increase 210,720.
Increase over year before last, 454,973.

FEELING DISGRACED PARRISH SUICIDED

Novel But Successful Effort to Take His Life in Convict Camp.

COULD NOT STAND DISGRACE

Begged the Guards to Shoot Him, and When They Refused He Attempted to Run Away to Make Them Shoot. Butted Himself to Death Against Log.

With a deep feeling of disgrace and dishonor, the burden of which he could not stand, Henry Parrish, a young white man, twenty-two years of age, committed suicide in the convict camp managed by Means & Co., eight miles south of Brotson, at a late hour Wednesday afternoon.

It was a queer method by which Parrish decided to take his own life, but it was probably on account of the fact that he could devise no other way. He was working in the woods, and it is said that he begged the guards to kill him several times during the day. It is asserted that he endeavored to make his escape for no other purpose but to get the guards to shoot him, with the hope that the bullet would cause instant death; but the guards, realizing his condition, did not shoot, but captured him easily in a foot-race.

Late in the afternoon Parrish, with the other prisoners, was lining up to return to the stockade. Suddenly Parrish left the platoon, and began to bump his head against a log. Three or four tremendous licks finished the job. He was unconscious when taken from the log, and died during the night.

Parrish was arraigned in a justice court in Bradford county about two weeks ago upon a charge of petit larceny, and convicted and sentenced to spend three months in prison. He was a young man of fine appearance, has good connections in Alachua county, and was so mortified at his predicament that he could not stand the disgrace and humiliation of being a prisoner.

His remains were shipped to High Springs Thursday, where they were turned over to the family for interment.

MORGAN-LYNCH NUPTALS.

Quiet but Interesting Matrimonial Event in Savannah Wednesday.

The Savannah News of the 6th inst. has the following, which will prove of interest to readers of The Sun, since the groom is well known and popular here, having resided in Gainesville for many years.

"Last evening at 8:30 o'clock, at the home of her parents, Mr. and Mrs. Henry Charles Morgan, Miss Ada Lawton Morgan was quietly married to Mr. Charles M. Lynch of Jacksonville, Fla.

"The rooms were attractively decorated with smilax, used in great profusion, and quantities of beautiful pink roses, while several tall palms marked the place for the bridal party.

"The bride was beautifully gowned in white mousseline over taffeta, the dress being trimmed elaborately with baby Irish lace. She wore a half-wreath of orange blossoms in her hair and carried a bouquet of Bride roses.

"A reception was held immediately after the ceremony until 11 o'clock. Some handsome presents of cut glass, silver and furniture were received from the many friends of the popular young people.

"Mr. and Mrs. Lynch will travel in the North, stopping at several places before going to their home in Jacksonville. Mrs. Lynch has a wide circle of friends who deeply regret that she will no longer make her home in Savannah."

Mr. Lynch's numerous friends here will congratulate him upon becoming a Benedict.

UNION AGAIN COMPLAINS.

Macon Officials Charged with Discriminating Against Unionists.

Macon, Ga., Sept. 6.—Another fight between the Macon street railway employes and the management seems about to find force, the officers of the car men's union claiming that they are being discriminated against in that the company employs still a number of the new men who were brought into service during the strike.

Manager J. T. Nyhan has offered to pay for the services of any man against whom he has used discrimination and urges that he has complied with the terms of the agreement made between him and the arbitration committee several days ago. The complaints are not finding popular favor, as on the first occasion and the union officials are said to have entered the second contest upon trivial grounds.

There has been no order of serious consequence, but the whole affair has been put up to the president of the Amalgamated Street Railway Employes' Union of America. It is probable that the differences will be disposed of within a short time. It is now stated that the federation of labor has refused to fight the fight for the union any further.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Virginia Man Found Dead.

Halifax, N. S., Sept. 6.—A man who had registered as "W. J. Jones, United States," and who is thought to have come from Richmond, Va., was found dead in his room at the Halifax hotel with a bullet wound in his head. The medical examiner reported the case as one of suicide. Later the name of William Archer, of Richmond, Va., was found on a telegraph blank in the man's room. The police have communicated with the Richmond, Va., authorities.

BAD CROP YEARS.

When Birds and Animals Do Not Mate at the Mating Season.

"When birds and animals do not mate at the mating season, it is a sign that a bad year is coming," said a farmer.

"Quails, gophers, rabbits and squirrels all refuse to mate in certain years. These years afterward turn out to be bad ones. The quails are particularly weather wise. By instinct the little wild creatures know that for lack of rain or for some other reason there is to be a grass famine and a seed famine, and, instead of pairing off and mating and setting up housekeeping in little families of two, they remain unmated in the large bands in which they have flown all winter, living, as it were, a kind of apartment house life. That year inevitably turns out a bad one, though the bachelor and spinster quails, with a good deal of picking and scratching, manage to get enough to eat. But to feed families of little ones in such a famine year would be impossible.

"In California the squirrels in a famine year not only do not mate; they do not even live. They become dormant. As by a miracle, they remain dormant until a season of plenty comes with the next winter's rains."—Exchange.

An Ounce of Prevention

Is worth a pound of cure. There are many poor sufferers, consumptives, who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S——, Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by W. M. Johnson.

Will Not Interfere.

Washington, Sept. 5.—The Moorish authorities will interpose no objection to the removal to America of Paul O. Stensland, president of the Wilwaukee State Bank of Chicago, and a message to this effect has been received at the state department from Ministers Gummere, at Tangiers, dated on Wednesday. The dispatch adds that Stensland is a prisoner in the American legation there.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

OWNING AT CROSS CREEK.

Small Negro Girls Met Death While Fishing Thursday.

...o daughters of George Hall, an ...ustrious negro of Cross Creek, in ... East End, aged seven and nine, ... their death by drowning in Cro-s ...k on Thursday of the past week. ... information did not reach Gaines... until Wednesday, nearly a week ...er the sad accident occurred.

From the information obtainable it ...ppears that the children were fishing ...om the deck of a lighter. The young... lost her balance and fell over... ...ard, when the sister jumped in to ...escue her. The result was that both ...ere drowned.

Hall is a well known man in his sec... ...tion, and is regarded as a good citizen, having lived and worked industriously there for many years. The sympathy of the community is extended to him.

A Destructive Runaway.

People about the north and east side of the square were wrought up to a high pitch of excitement by a runaway Thursday morning, and for a moment matters looked rather serious. A horse belonging to E. A. O'Neill, which was hitched to a fine buggy, was being driven by Mr. O'Neill's young son, Clarence, who had with him in the buggy Louis Burkhim, Jr. At a point in East Gainesville the animal became frightened at some object and made a dash for the square, and the speed would have made a professional race-horse feel ashamed of himself.

At the corner of Liberty and East Main the vehicle struck a post and was overturned, throwing the occupants out. Strange, but fortunate, they were comparatively uninjured, and the only damage was the wrecking of the buggy, which was partially demolished.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." OAK HALLS VICTORIOUS.

Won Over Elks Teams in an Interesting Game Which Was Well Attended.

The great game of baseball between the Oak Halls and the select team of the Elks was pulled off Thursday afternoon and proved to be one of the most enjoyable games of the season. There were a great many present, including the ladies and "rooters," and the game throughout was thoroughly enjoyed. It resulted in a victory for the Oak Halls, the score being eight to three.

The work of both teams seemed to be good, but the Oak Halls were a little too strong for the boys who represented the Elks. They played remarkable good ball, but just couldn't win out.

The battery for the Oak Halls were Kennard and Bullock, while Morrow and Hutchinson did the work for the Elks. In all, the game was a pretty one, well played, those who attended were satisfied with the work.

LOOKING FOR BIG THINGS.

People of Crystal River Have Great Confidence in Gainesville & Gulf.

E. E. Voyle of the East Florida Telephone Company has returned to his home in this city from Crystal River, where he has been in the interest of his line, which has just been extended to that point, and in a short time an up-to-date exchange will be installed there.

Mr. Voyle says the people of Crystal River are taking on new life, and feel much encouraged since the Gainesville and Gulf railroad is extending its line. They want to be neighbors with Gainesville, and are looking forward with a great deal of pleasure to the connection of the two points by rail.

Mr. Voyle states that the work on the Gainesville & Gulf is moving along rapidly, and at the present rate, he predicts that Tampa and Gainesville will have a direct connection in a short while. All the men that it is possible to employ are being employed at this time, and the force will be held up to the highest notch possible.

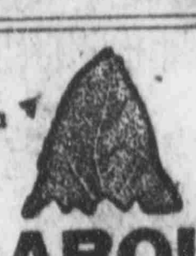
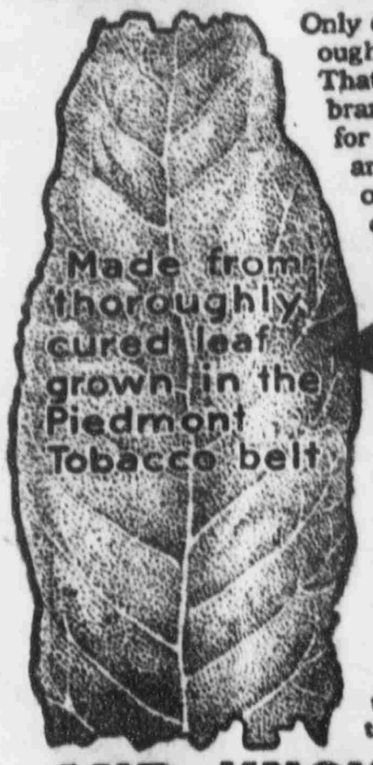
There is real pleasure in chewing the best tobacco grown where the best tobacco grows—in the famous Piedmont country



CHEW WHAT YOU KNOW ABOUT



Only choice selections of this well matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and other of the Reynolds' brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Schnapps

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco and every man that chews SCHNAPPS passes the good thing along—one chewer makes other chewers—until the fact is now established that there are many more chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

AND KNOW WHAT YOU ARE CHEWING

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more economical than the larger 10c. or 15c. plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tobacco for tobacco's sake, there is no chew like SCHNAPPS.

Sold at 50c. per pound in 5c. cuts. Strictly 10c. and 15c. plugs.

AN APPROACHING MARRIAGE.

Invitations are out for the marriage of Benton T. Ellis, Jr., and Miss Lucille Hennington, the ceremony to be performed at the home of the bride's parents, Mr. and Mrs. L. F. Hennington, Jacksonville, on the afternoon of Tuesday, September 18, at 6 o'clock.

The groom is well known and popular, having been born and reared in Gainesville. Miss Hennington is also well known here, having served as stenographer for several months at the office of Thomas & Ellis. Friends will extend congratulations.

Making Fine Progress.

A. W. Taylor, civil engineer in the employ of the Gainesville & Gulf railroad, left Thursday with his force for Crystal River, from which point he will resurvey a line northward, connecting with the grading line from Fairfield.

It is the intention of the present management of the Gainesville & Gulf to make as near as possible an air line, and with this object in view they are having several lines run.

The work of grading from Fairfield South is progressing nicely, and the force, which numbers nearly two hundred men, began from Crystal River south on Wednesday.

Hon. W. M. Holloway, State Superintendent of Schools, wisely suggests that an Educational Day be added to the program of the Florida State Fair.

Mr. Rockefeller says his fortune is less than one-third of a billion dollars. However much his fortune may be, he does not pay any more for the support of the United States Government than any ordinary man. In fact, the tariff and internal revenue taxation rather favors the buyer of the highest quality of goods.

Brigadier General Crozier, chief of ordnance in the United States army, declares that the light, sharp-pointed rifle bullet which experts have been testing for a month past has shown such satisfactory qualities that it probably will be accepted for use in the new army rifle, replacing the present service bullet.

Keep your farm troubles to yourself. Don't have any—that is better. It is all right to talk about the little mistakes you have made at farming, and try to find a way to do better work—that will do us all good; but to be always mourning over something that the world has no right to know is a sure sign of weakness. And then, everybody has trouble enough of his own to bear without having the miseries of other folks heaped on his shoulders.

The Live Oak Democrat says: "Hon. W. R. Dorman, one of Suwannee county's able representatives, authorizes us to state that he will not be a candidate for speaker of the House of representatives, although encouraged to enter the race by a number of his friends in the next Legislature. Mr. Dorman believes he can be of greater service to the people of Suwannee county on the floor, and, looking to their interests, he declines to enter the race or allow the use of his name as a candidate for the position."

PRIZES FOR STUDENTS.

Prizes aggregating $1,000 are offered by the Merchant Marine League of the United States, at Cleveland, Ohio, for the four best essays on "How to Build Up Our Shipping In The Foreign Trade," only students in high schools, technological schools, colleges and universities in the United States being eligible to compete. There will be four prizes, viz: one of $400, one of $300, one of $200, and one of $100. Students desiring to compete for these prizes must register their names, and the institutions of learning which they are attending, with the League, in order to have their essays considered. The names of the judges will be shortly announced, at which time the prize money will be on deposit in the Central National Bank, of Cleveland, subject to the order of the judges who will award the prizes. Essays must not exceed 2,500 words; they must be typewritten, on one side of the paper only. The author's name must not be signed to the essay—only his nom de plume—which latter, with his full name and address, must accompany the essay in a separate sealed envelope. No limitation is set upon the method or plan that may be advocated; it may be along the line of protection or free trade. The contests will close about Nov. 15, and the prizes will be awarded about Dec. 15, 1906.

The up-building of our shipping in the foreign trade has been a subject of national prominence for many years. It has engaged the attention of Presidents of the United States, Congress, public men, public bodies and of the press, but remains unsettled while our shipping in the foreign trade today is less than it was in 1810—but one third what it was in 1861. Two years ago, upon President Roosevelt's recommendations, a Congressional Commission was appointed to investigate the subject, its voluminous report being a Congressional document. The bill presented by this Commisson to carry into affect its recomendations passed the United State Senate on Feb. 14, and now rests with the Merchant Marine and Fisheries Commission of the House of Representatives.

Public documents, speeches made in the Senate and House, a bibliograph issued by the Librarian of Congress, the latter cataloguing the publications extant bearing upon this subject, may be obtained through Senators and representatives in Congress, and the Merchant Marine League will send its documents to all who apply for them.

The Merchant Marine League of the United States is a thoroughly responsible organization, its president, Harvey D. Goulder, being a leading member of the bar of this country, and president of the National Rivers and Harbors Congress. Its treasurer, Col. J. J. Sullivan, is president of the Central National Bank, also president of the Superior Savings and Trust Co., of Cleveland, and president of a national bank at Canton, Ohio. For the last two years he was president of the National Board of Trade. The secretary, Mr. John A. Penton, is one of the leading publishers of Cleveland, one of his publications being The Iron Trade Review. This league was formed by men having no direct or personal interest in our deep sea shipping, but who are imbued with a patriotic desire to aid in hastening the enactment of such legislation as will place American ships once more upon the seas, and the offer of these prizes is made for the purpose of arousing widespread public interest in the condition and needs of our foreign-going merchant marine, and to bring out the best thought on the subject, as well as the best plan by which to accomplish our maritime rehabilitation.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

ECZEMA
SKIN RAW AND FEVERISH—ITCHING INTENSE

Eczema is a tormenting, stubborn disease caused by an acid humor in the blood coming in contact with the skin and producing redness, inflammation and almost intolerable itching. An inactive state of the system and sluggish condition of the eliminative members leaves the waste and refuse matter of the body to collect and sour instead of passing them off through nature's channels of bodily waste. The blood in its efforts to purge the system of all foreign matter absorbs this acid and throws it off through the pores and glands of the skin. The acrid humor seems to ooze out and set the skin on fire, the straw colored, sticky fluid drying and forming crusts, and the itching is intense. When these pustules are scratched off the skin is left raw and feverish and often a solid sore is formed and kept up by the constant escape of acids from the blood. Local applications of salves, powders, lotions etc. are desirable and should be used because they allay the itching and give the sufferer temporary comfort, but are in no sense curative, because they cannot reach the seat of the trouble, which is in the blood.

S.S.S.
PURELY VEGETABLE.

S. S. S. goes down into the blood, cleanses the circulation of all acids and humors, builds up the thin, sour blood and by removing every vestige of the cause cures Eczema permanently. The irritating eruptions disappear, the itching and burning cease, and the acid-fired skin, being fed by a fresh, cooling stream of blood, becomes soft and smooth again. S. S. S. is made of healing, purifying roots, herbs and barks that will not damage any part of the system. Book on skin diseases and any medical advice free.

MEXICO SEIZES FOURTH VESSEL

Captain States that He and Crew Are Receiving Good Treatment.

Galveston, Tex., Sept. 6.—A cablegram has been received by Manager J. W. Munn, of the Gulf Fisheries company, of this city, from the captain of their smack Aloah, which states that that vessel has been seized by the Mexican transport Progreso while lying at anchor becalmed, close into Arenas reef. The captain also stated that he and his men are in friendly hands and there wil lhardly bbe a repetition of the imprisonment and cruelty practiced on American sailors of the Galveston, Pensacola and Mobile fishing smacks seized by the Mexican government a few months ago.

Since the seizure of three smacks some time ago they have continued to fish in the same localities, but have carefully observed the 3-mile limit set out by Secretary Root as free water for all fishermen. In this case the captain states he had become becalmed and drifted in about one and a half miles of the shore and dropped anchor to await sufficient wind to move out to the fishing grounds, when taken by the Mexican vessel.

Manager Munn at once notified Secretary Root of the seizure and the facts concerned therewith as far as known here.

Arkansas Swept by Democrats.

Little Rock, Ark., Sept. 6—Additional returns from state election indicate that the Democrats will have 34 out of 35 members of the state senate, and 95 out of 100 members of the house, assuring the election of Governor Davis, democratic nominee, as United States senator. John S. Little, democrat, for governor, will probably have a plurality of 55,000. It appears that at least 53 out of 55 counties have voted against liquor license under the local option laws.

Alleged Boy Forger Arrested.

Athens, Ga., Sept. 6.—Charles Humphreys, a young white man, was arrested here on a warrant from Buford, sworn out by the Shadburn Banking company, charging him with forgery. Humphreys will be carried to Buford.

Several Injured in Wreck.

Travers City, Mich., Sept. 6.—Pere Marquette Train No. 5, generally known as "the flyer," struck passenger train No. 10 at Wallin at 11 p. m. Tuesday. No. 10 was just backing on the siding when the flyer struck the train. Two unknown tramps were killed. Conductor Wilson had a leg and an arm broken, and four women were more or less seriously injured. Both engines were badly smashed.

TORTURED BY ITCHING SCALP

Eczema Broke Out Also on Hands and Limbs—Suffering Intense—Doctors Said Too Old to Be Cured—An Old Soldier of 80 Years Declares:

"CUTICURA TREATMENT IS A BLESSING"

"At all times and to all people I am willing to testify to the merits of Cuticura. It saved me from worse than the tortures of hades, about the year 1900, with itching on my scalp and temples, and afterwards it commenced to break out on my hands. Then it broke out on my limbs. I was advised to use salt and water, which I did, to no effect. I then went to a Surgeon, who commenced treating me with a wash of borax. This treatment did me no good, but rather aggravated the disease. I then told him I would go and see a physician in Erie. The reply was that I could go anywhere, but a case of eczema like mine could not be cured; that I was too old (80). I went to an eminent doctor in the city of Erie and treated with him for six months, with like results. I had read of the Cuticura Remedies often. I was strongly tempted to give them a trial, so I sent for the Cuticura Soap, Ointment, and Resolvent and continued taking the Resolvent until I had taken six bottles, stopping it to take the Pills. I was now getting better. I took two baths a day, and at night I let the lather of the Soap dry on. I used the Ointment with great effect after washing in warm water, to stop the itching at once. I am now cured.

"The Cuticura treatment is a blessing and should be used by every one who has itching of the skin. I can't say any more, and thank God that He has given the world such a curative. You can use this letter as you please. A very much befriended man, Wm. H. Gray, 3303 Mt. Vernon St., Philadelphia, Pa., August 2, 1905."

Complete External and Internal Treatment for every Humor, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. Republicans Win in Vermont.

Rutland, Vt., Sept. 6.—Complete returns from Tuesday's state election, show that Fletcher B. Proctor, Republican, of Proctor, was elected governor by 15,676 over Parcival W. Clement, Independent Democrat, of Rutland. The remainder of the Republican state ticket was successful by pluralities about equal to that received by Proctor. The Republicans carried every county of the state except Bennington, and the party leaders claim that county by a small margin. The Republicans gained over 10,000 votes over four years ago and Clement lost 1,800. The Prohibition loss was proportionately greater.

WAS A VERY SICK BOY

But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"When my boy was two years old he had a very severe attack of bowel complaint, but by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy we brought him out all right," says Maggie Hickox of Midland, Mich. This remedy can be depended upon in the most severe cases. Even cholera infantum is cured by it. Follow the plain printed directions and a cure is certain. For sale by all druggists.

Care Men's Strike Ends.

San Francisco, Sept. 6.—The strike of the car men on the United railroads which have been completely tied up since Aug. 26, was practically ended Tuesday night when, at a mass meeting, the car men voted to return to work and submit the question of wages and hours to the committee of arbitration. The action of the car men was practically forced by their national organization and is a complete back down from the position taken at a mass meeting several days ago.

Pain From a Burn Promptly Relieved by Chamberlain's Pain Balm.

A little child of Michael Strauss of Vernon, Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. James N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by all druggists.

Young Hughes a Professional.

Houston, Tex., Sept. 6.—Complaints have now been entered from eight cities other than Houston charging Clarence Hughes, now in jail here, with forgery. They come from Baltimore, Atlanta, Birmingham, Denver, Shreveport, New Orleans, Alexandria, La., Columbus, O. and there are four charges in Houston. Hughes' father is said to live at Stillmore, Ga. Chief of Police Ellis has received a telegram from the chief of police of Birmingham containing information that Hughes is wanted on five complaints of forgery there. He was arrested in 1905 with many charges against him in various towns over Alabama, and most of them were settled by the payment of the amounts alleged to have been secured.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

"TELL IT TO THE MARINES."

Pepys' Version of the Origin of the Expression by Charles II.

The saying, "Tell it to the marines," is traced to Pepys, the author of the famous "Diary," and it is said by him to have originated with Charles II. of England. "It so befell," as the story goes, "that his light hearted majesty, with an exceedingly bored expression on his swarthy face, was strolling in the shade with the ingenious Mr. Pepys, secretary to the admiralty. 'I had speech yester'en at Deptford,' said Mr. Pepys, 'with the captain of the Defryance, who hath lately returned from the Indies and who told me the two most wonderful things that ever, I think, I did hear in my life.' Among the stories told were of fish flying in the air. 'Fish flying in the air!' exclaimed his majesty. 'Ha, ha! A quaint conceit, which 'twere too good to spoil wi' keeping. What ho, sir'—he turned and beckoned the colonel, Sir William Killigrew of the newly raised maritime regiment of foot, who was following in close conversation with the Duke of York—'we would discourse with you on a matter touching your own element. What say you, colonel, to a man who swears he hath seen fishes to fly in the air?'

"'I should say, sire,' returned the sea soldier simply, 'that the man hath sailed in southern seas, for when your majesty's business carried me thither of late I did frequently observe more flying fish in one hour than the hairs of my head in number.'

"Old Rowley glanced narrowly at the colonel's frank, weather beaten face. Then, with a laugh, he turned to the secretary.

"'Mr. Pepys,' said he, 'from the very nature of their calling no class of our subjects can have so wide a knowledge of seas and lands as the officers and men of our loyal maritime regiment. Henceforth 'ere ever we cast doubts upon a tale that lacketh likelihood we will first tell it to the marines.'"—Army and Navy Journal.

Weight of a Piece of Ice.

A rough and ready method of calculating the weight of a piece of ice is afforded by the fact that a cubic foot of this substance weighs approximately 57.25 pounds. First measure the breadth, length and height of the cake, and the three results, being multiplied, will give the number of cubic inches. If this answer be in turn multiplied by .033 the approximate number of pounds will result. For instance, a cake 8 by 9 by 10 inches contains 720 cubic inches. This multiplied by .033 gives 23¾ pounds, the correct weight of such a piece of ice.

Wrong Either Way.

Mr. Jawback—I've got a new stenographer. Mrs. Jawback—Brute! I suppose the other wasn't pretty enough for you! Mr. Jawback—It's a man. Mrs. Jawback—Unfeeling monster! Trying to make the people think I'm too jealous to let you have a girl, eh?—Cleveland Leader.

Courage.

"Does your boy Josh take after you?"

"Some," answered Farmer Corntossel. "He doesn't like work any more than I do. The only difference is that he has the courage of his convictions."—Washington Star.

He is sufficiently learned that knows how to do well and has power enough to refrain from evil.—Cicero.

Weevil Is Moving Eastward.

Baton Rouge, La., Sept. 6.—Announcement that the migratory movement of the boll weevil in Louisiana has begun and that the weevil is now moving toward the east was made on Tuesday by the state crop pest commission. The migration is of especial interest this year because the pest is expected to cross central Louisiana, fly over the Mississippi before this movement ceases. The migration is being watched both by state and by representatives of the United States department of agriculture.

It will probably be an item of news to most of our readers that our postmaster is not compelled to make change for you when you make purchases at Uncle Sam's office. This is a queer rule that not one in a thousand persons know. Buyers of stamps or any purchases at a postoffice must furnish their own change; i. e., the postmaster could insist on the buyer furnishing his own change if he sees fit to do it; but usually the postmaster is glad enough to get rid of his "chicken feed," and he is always ready and willing to accommodate the public by making all the change it asks for. If a man wishes to buy fifty cents worth of stamps and has but a silver dollar, he would be compelled to buy a dollar's worth of stamps or go and get his silver dollar changed or do without his stamps if the postmaster was stubborn and refused to make change for him. This is the law, and a queer one according to our way of thinking. And postmasters are not compelled to take more than twenty-five pennies at one time, if they do not want them.

Park's Shows.

The C. W. Park Dramatic Company, who will pitch their tents for a week's engagement in this city on next Monday evening, need no introduction to the people of this section. They have been here several years in succession, and the high character of their plays, the excellence of their company are well-known to a great many of our readers, who nightly were to be found among the throngs that attended its attractions when last here.

While the company still maintains a majority of the old-time favorites, it has been considerably strengthened this year, and is sure to please all who patronize them.

Their advertisement elsewhere in this paper names a few of the attractions to be presented, and we have no doubt that they will receive the same cordial reception that has awaited them in the past, for the Park's Company have always occupied a warm place in the hearts of Gainesville theater-going public.

Prices—Children, 25c; adults, 35c; reserved seats, 15c extra.
